Here's the Food for Backbone and Muscle

Haven't you often wondered at the wonderful strength and vitality of the Italian race. Their chief food at home is spaghetti—a food that is rich in gluten—the element that goes to make muscle and flesh. We can follow this example with benefit. A 10c package of

FAUST SPAGHETTI

contains more nutrient than one pound of the finest tenderloin steak. Easier digested, too—also easier prepared. And what good eating Faust Spaghetti makes! rich, savory, reliable meals. Try it cooked with tomato sauce and served with powdered cheese—it's great, as per our free recipe book—copy free.
